

Hi Jim,

April 17, 2010

Cold here in Maine, hope your weather is better.

Thought you might post something on the 59 web site. I talked to Fred Clarke and he is having health problems in Winter Haven, FL. Thought some of his old class mates might want to send him a word of encouragement. Don't have his address but his phone number 207-944-0852.

Thanks, Jo and Wendall Leonard

Fred is fighting off the effects of several weeks of radiation for his lung cancer which I believe he said also involved his neck. This is his 3<sup>rd</sup> go around with this terrible disease. He also suffered a mild stroke. He is starting to get his appetite back some and hopes to recover enough to get back home in Bangor.

That is his cell phone number above in Jo's message. Please give him a call or send him a card. His mail is being forwarded from his Bangor address:
