

Just a brief note to let you know that I have been diagnosed with small cell lung cancer. This form of lung cancer is a tough one to combat as it spreads quickly and wants to return. I will be fighting this aggressively and believe that I will prove that I can beat the statistics. It is way too early for me in this battle to know what lays ahead. I will keep doing this website for as long as I can.

Thank you for any good vibes and prayers that you send my way.

Jim McDonald
